## NOTICE

### To Ewa Plantation Stockholders

It having been voted to increase the capital stock of the Ewa Plantation Company to \$5,000,000 and to issue certificates of stock of the par value of twenty dollars (\$20.00) each, for the full amount thereof to the present holders of the stock, now THEREFORE the stockholders are hereby notified to at once produce and surrender their present certificates of stock to the Treasurer of said Ewa Plantation Company in order that such exchange into \$20.00 shares may be made. It is requested that the Stockholders make CLEAR INSTRUCTIONS IN WRITING to the Treasurer as to the number of certificates, and number of shares each, in which he may wish his certificates issued. It must be borne in mind that there will be due on each new share issued (covering the increase of stock voted) a charge for revenue stamps as required by law.

Notice is further given that in all cases where such new issue and allotment will involve fractions of shares, the persons who may become entitled to such fractions must within thirty days make such arrangement either by sale, or purchase of other fractions, as will obviate the issue of fractional shares, whereof notice must be given the Treasurer, or such fraction of shares will be sold at public auction and the proceeds divided among those entitled thereto.

## MONEY WAS STOLEN HERE

**MARSHAL BROWN KNOWS THIEF OF THE ALAMEDA.**

The \$25,000 Gold Taken Off in Honolulu. Man Gets Away With His Booty to the Orient.

It is almost certain that the chest of \$25,000 in gold, lost from the steamship Alameda left the ship at this port.

In fact, Marshal Brown has in his possession today almost conclusive evidence that such was the case. The man who it is believed robbed the ship is also known, but has skipped beyond the pale of Hawaiian law. He is now in Japan, and may eventually be caught, for the Oceanic Steamship Company has a powerful detective agency on his tracks.

The man's name is supposed to be Wilson, an Australian. He has been suspected in other such robberies between Sydney and Auckland. When the Alameda sailed from Australia, this man was a passenger for San Francisco. He left the boat here on the 25. On June 1 he sailed by the Gaelic for the Orient.

Marshal Brown does not know just how the thief brought his treasure ashore, but the transfer is admittedly not a hard matter. It is presumed that the thief had accomplices and they brought it off on a number of visits aboard the ship at the dock. The coin would weigh about 100 pounds, and other theory is that it was smuggled ashore.

The loss of the money was discovered when the Alameda was within two days of San Francisco. The densest cloud of mystery surrounded the disappearance of the box.

Chief Lees, of the San Francisco police, took a chance shot and wrote Marshal Brown the bare particulars. The latter immediately began an investigation with the success given above.

By the steamer tomorrow the San Francisco chief of police will be advised concerning the suspected man and that he has gone to the Orient. Most probably a detective will at once be sent to Japan and China to look him up. The supposition here is that the man will "double back" and in a few weeks will be ranching or doing something else in an out-of-the-way Australian district.

## DEATH OF DAVID ROUGH

**END COMES SUDDENLY FROM HEART TROUBLE.**

Was Apparently Recovering From Typhoid Fever—Head Luna on Paia Plantation—Was a Strong Character.

PAIA, (Maui), June 15.—Makawao district has of late been having more than its share of sorrow and sadness, with the memory of last week's sad affair fresh and vivid, another shock was received yesterday, when the news spread that David Rough, head luna at Paia, had breathed his last in the Paia hospital, about 6 o'clock in the morning. Mr. Rough first began to ill just a week ago today, and on Friday last went to the hospital with a mild attack of typhoid fever. He had been doing well, and was considered in no danger whatever. He awoke in the morning in good spirits and to all appearances improving. A few moments before 6, Miss Fearn, the nurse, was ministering to him, when suddenly his face became livid, and before Miss Fearn could move, he was dead. It happened in one short moment without the slightest struggle. Heart trouble must have caused it, though there was no suspicion beforehand of any such falling. Physically he was a type of robust, vigorous manhood, a tower of strength and energy, and he never suffered from ill health.

Mr. Rough was born near Porfir, Scotland, about forty-five years ago, and came to the Islands nine years ago to take the position of team luna at Paia, which position he filled continuously up to two years ago, when he was advanced to the head lunaship. He was a man of good character, steady and industrious, and applied himself earnestly to his work, and leaves as the fruits of his labor, quite a small fortune.

Somewhere about \$10,000 is here in cash and good securities, and it is thought that he had property in Scotland, where two brothers and a sister survive him.

The funeral takes place this afternoon at 2 o'clock from the Paia Foreign church, Rev. E. G. Beckwith conducting the service. The pall-bearers will be E. S. Armstrong, D. C. Lindsey, A. H. Landgraf, T. S. Kennedy, D. Jamieson, J. F. Fleming, R. Leonard and A. Robertson, all immediate associates of the deceased, at Paia.

The body will be interred in the Makawao cemetery.

## THE OMAHA EXHIBIT.

Work on it is progressing. Some of its features.

Daniel Logan announces that the exhibit of Island products and manufactures for the Omaha exposition is now practically assured. It will include an especially fine exhibit of the fruits and fruit preserving industry.

In the matter of pictorial representation all the leading photographers are hard at work on special orders and will have a good showing. A number of the local artists have agreed to send some of their work. In the matter of curios there will be some rare tapas sent, and D. D. Baldwin's valuable collection of land shells.

Arrangements are being made with people on Maui for an exhibit of the temperate zone products of the Islands. The matter of sending the quintette club and a fine collection of palms and tropical plants is yet in abeyance, the financial requirements not yet having been met.

It is urged that immediate action be taken by those interested as the effort is being made to have everything ready for the Mariposa. Mr. Logan hopes to be able to give a public view of the exhibit before it leaves, so that people may know exactly how the Islands are being represented.

## ANOTHER BANK.

The Mercantile Trust Company has been organized in San Francisco with a capital of \$1,000,000. Among the directors and large stockholders is W. G. Irwin, of this city, D. O. Mills, the well known capitalist, Mayor Phelan, George Crocker, vice-president of the Southern Pacific and Claus Spreckels.

The company is authorized to do a general banking and trust company business. It will have close business connection with the Islands.

## THE AUSTRALIA.

W. G. Irwin & Company received advices by the China indicating that the Australia will make the next trip on the Oceanic Steamship Company's run between San Francisco and Honolulu, but may be two or three days late. This is due to the repairs to her deck. Mr. Irwin says it is possible the repairs found necessary may be so extensive that the Zealandia may be dispatched in her place.

## A RECEIVER APPOINTED

**OLD MORTGAGE ON DOWSETT ESTATE.**

Bishop Estate Moves to Foreclose on Paper for \$50,000—Guardians of Richardson Minors.

A receiver has been appointed for the estate of the late James I. Dowsett. Judge Perry names George J. Campbell, under bonds in the sum of \$10,000.

The receiver is appointed under a bill of the Bishop estate to foreclose a mortgage for \$50,000, uttered on July 30, 1886, and \$1000 interest. The mortgage is on Rose ranch, and was originally given to Bishop & Company, bankers.

The case of the John H. estate vs. Helen Boyd, trespass, is being argued in Judge Perry's court today. It took up all of the morning and was brought on again at 1:30 p. m.

John Buckley, J. J. Sullivan and M. D. Monsarrat have submitted a question to the Supreme court which has been allowed on the regular calendar. Monsarrat has sold to the two other gentlemen named a piece of property at the old fire house in Union street. It is desired to know whether or not Monsarrat's divorced wife, who is now married to another, still retains the right of dower in the property.

In the matter of petitions for registration of the Enterprise and Star of Hawaii, applicants this morning filed motions for date of hearing. If it can be shown that the vessels are eligible to registry under the Hawaiian laws, the flag will be given them without further question.

August Ahrens, of Ewa, and E. W. Macfarlane, are being appointed guardians of the property of Ruth and George Richardson, Minors, under bonds in the sum of \$100,000. They succeeded the late Herman A. Widemann. Bonds were filed this morning. S. C. Allen and J. F. Hackfeld are the sureties on same.

## COOKING SCHOOL STARTED

### OFFICERS ELECTED AND MASS MEETING CALLED.

Conference of Ladies in Y. M. C. A. This Morning at Which the Ball is Set in Motion.

At a meeting of ladies held in the Y. M. C. A. hall this morning the Honolulu School of Cookery was established.

Mrs. John H. Soper was elected president; Mrs. W. F. Frear secretary and Mrs. John Usborne treasurer.

Most of the meeting was devoted to informal discussion of the matter of a cooking school. Of the fifty ladies present there was probably not one who did not agree that such was not only advisable, but an absolute necessity.

Organization was completed. It was decided to hold a mass meeting at the Y. M. C. A. hall at 9:30 next Friday morning, when a constitution and set of laws will be presented for adoption. All housekeepers of the city will be urged to attend the convention.

The following committee on constitution was appointed by the chair: Mrs. W. F. Frear, chairman; Mrs. T. R. Walker, Mrs. M. C. Widdfield, Mrs. A. C. Miller, Mrs. S. M. Damon, Mrs. John F. Soper and Mrs. John Usborne.

The general idea prepared and published by the ladies some days ago, was taken up by sections, discussed and approved.

There are probably more Singer sewing machines used in the United States than of any other one make. This is a very excellent guarantee that they are one of the very best machines. ## WILL GET THE FRANCHISE

**SECOND RAILROAD OUT OF HILO IS A GO.**

Dillingham and Hilo Company Withdraw All Objections to the Franchise. Charter Will be Granted.

The Hilo and Honolulu Railway Company will have a charter.

There has been a mighty change in the situation in the past thirty-six hours. All is due to letters received by the China. F. M. Swanzy, one of the promoters, is now in the East with Mr. Brown.

This morning the question of a charter for the new concern came before the Cabinet. Mr. Dillingham appeared with a letter addressed to the Minister of the Interior. It was from himself and the other officials of the original Hilo Railway Company.

This letter stated that the old Hilo Railway Company withdrew all objection to a charter being granted to the new Hilo and Honolulu Railway Company to run a line from Hilo into Hanalei and Kohala.

President Dole observed that if the "kick" of the old concern was at an end, he had no objections himself to the charter being granted. The result is that the original application will be resubmitted to the Cabinet and the Minister of the Interior will be instructed to issue the charter as applied for.

The single question of the old company to the new was the name. It was stated in the letter that there would probably be a confusion in the handling of freights if the names of the two roads remained so similar. This suggestion will be acted upon by the next concern to the extent that another name will be adopted.

## THE BODY NOT STOLEN.

King Lunalilo's Tomb Has Not Been Rifled.

The San Francisco Chronicle of June 1, says a report which "created no small sensation" in Honolulu has reached the coast that when the tomb of Lunalilo was opened recently it was found that the remains had been stolen. The lid of the casket had been wrenched off and the appearances indicated that the robbery had been committed years ago.

W. O. Smith, one of the trustees of the Lunalilo estate, characterizes the story as "rubbish." The only time the tomb has been opened was in May or June, 1895, when the inside of the tomb was renovated and the pall and the carpets were renewed. The body was there and in excellent condition. E. C. Williams made a complete and thorough examination.

For many years previous to this, the whereabouts of the key were unknown. About that time the trustees learned that the key had been sent by King Kalakaua to a native on Maui. The trustees secured the key and made the renovation. Since then the care taker of the tomb has been Aheia, a relative of Lunalilo, until her death about a month ago, since which time Mrs. Maria B. Keha has been in charge under the direction of the trustees.

## THE CABINET.

Government to Pension Mother of Live Wire Victim.

At the meeting of the Cabinet this morning Attorney-General Cooper reported that the Government could not be held liable for the killing of the huckman Aloheka by a live electric wire in the streets last summer. It was suggested, however, that the Executive Council recommend that the Legislature give an annuity to the mother of the dead man.

A telegram from Mr. Umsted stated that the Omaha Exposition objected to the government's proposition with respect to the band going east this summer as being too high.

## HE WILL DIE.

The Chinaman run over by the Japanese Ota, a week or two ago on Nuuanu street, will die. He is today in a very precarious condition at the hospital. His body at the bottom of the breast was badly crushed by the wheel of the rig. The Japanese is held and will probably be charged with manslaughter.

## FAILED TO BAG FILIPINOS

**PLAN TO CAPTURE PIO DEL PILAR'S FORCES.**

United States Troops Meet With Unforeseen Difficulties—Filipinos Still Employ Murder Outside the Lines.

NEW YORK, June 4.—A Sun's cable from Manila says: Aggressive operations were resumed yesterday against the rebels to the east and southeast of Manila, who have been active since the withdrawal of the major portion of the island. General Oles recently planned American forces from that part of the island to either capture them or again drive them out of positions they had been allowed to occupy when our main body was recalled for the campaign against Aguinaldo in the north. It was known that a big band of insurgents was encamped in the Taytay and Cainta hills, reported to be under command of General Pio del Pilar, and it was hoped to trap them. A force commanded by Brigadier General Hall, consisting of eleven companies of the Oregon regiment, six companies of the Colorado regiment and three troops of the Fourth cavalry, dismounted, and one troop mounted, eight companies of the Fourth infantry and four mountain guns left the pumping station at 4 o'clock in the morning with the object of crossing the San Mateo valley for the hills and striking into the next valley beyond Anting polo, thus getting to the east of Taytay and Cainta. Then the force was to recross the hills further south and take these two towns in reverse.

Meanwhile, Colonel Wholley, with the Washington and North Dakota regiments and one battalion of the Twelfth regulars, was to wait at Pasig for the extension of General Hall's line in the rear of the enemy. Then Colonel Wholley's command was to advance quickly and close the trap. The plans were kept secret as long as possible in order to prevent any knowledge of the intended movement reaching the rebels and the troops were marched to the front at a late hour on Friday night. Unfortunately, General Hall's advance met with unforeseen obstacles and the troops did not get free of the valley until 2 o'clock in the afternoon. General Layton, who realized that this slowness imperiled the chances of bagging the Filipinos, ordered General Wholley to advance from Pasig without waiting for the organized plan to be carried out. It is believed, however, that most of General Pio del Pilar's forces have escaped as the country covered today was practically deserted.

During the night a Chinese litter bearer went to a spring located 200 yards from the American lines and the morning he was found with his throat cut, evidence of how close the Filipinos had sneaked during the night.

General Bios, the Spanish commander, has sailed for Spain (taking with him the last of the Spanish officials and soldiers with the exception of the liquidating committee, which remains here).

## A GOOD ARRANGEMENT.

The progressive proprietor of the Union barber shop has inaugurated a new order at his shop that will be highly appreciated by his customers. Hereafter there is to be no such thing as meal hour as far as customers are concerned. The arrangement is such that four chairs are running continually, and the disappointment that all have experienced by finding when it is your turn that you are politely told "I must go eat now" will not be known at the Union. Mr. Pacheco is giving his whole attention to details and is making the Union a popular place.
